Resolution No. 2025-03

A RESOLUTION APPROVING THE TOWN OF GOLDSBY, OKLAHOMA BUDGET FOR THE FISCAL YEAR 2025-2026 AND ESTABLISHING BUDGET AMENDMENT AUTHORITY.

WHEREAS, The Town of Goldsby has adopted the provisions of the Oklahoma Municipal Budget Act (the Act) in 11 O.S. Sections 17-201 through 17-216; and

WHEREAS, The Mayor has prepared a budget for the Fiscal Year ending June 30, 2026 (FY 2025-2026) consistent with the Act; and

WHEREAS, The Act in Section 17-215 provides for the Mayor of the Town, or designee, as authorized by the governing body, to transfer any unexpended and unencumbered appropriation from one department to another within the same fund; and

WHEREAS, The budget has been formally presented to the Town of Goldsby Board of Trustees at least 30 days prior to the start of the fiscal year in compliance with Section 17-205; and

WHEREAS, The Town of Goldsby Board of Trustees has conducted a Public Hearing at least 15 days prior to the start of the fiscal year, and published notice of the Public Hearing in compliance with Section 17-208 of the Act; and

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN OF GOLDSBY, OKLAHOMA BOARD OF TRUSTEES:

1. The accompanying annual budget document sets forth the estimated revenue and appropriation for each fund of the Town as approved by the governing body.
2. The accompanying budget documents complies with the requirements of the Act by including:

TOWN OF GOLDSBY
BUDGET MESSAGE
FISCAL YEAR 2025/26

TO: Mayor, Board of Trustees and Citizens of Goldsby

Every year, the Board of Trustees is called upon to establish municipal policy through the adoption of the Municipal Budget. While the Town's staff prepares recommendations in the form of a draft document, the Council must ensure that the adopted budget adequately satisfies the needs of the community and serves the best interests of the Township. As the Town of Goldsby continues to grow residentially and commercially, the Town is prioritizing significant efforts to improve the infrastructure, security and safety of our community.

Water Services

The Town of Goldsby continues to make significant progress on its water infrastructure to support current needs and future development. A new water line has been constructed along Center Road to bolster the commercial growth within the Main Street Corridor. In addition, the completion of a comprehensive water system model now provides critical data to inform future planning and project analysis. To support water capacity on the west side, a 12-inch water line project has been placed to assist with filling the west water tower. Meanwhile, the South water tower has recently undergone cleaning, painting, and necessary repairs to ensure its continued reliability. As part of the upcoming Interstate 35 highway project, a water line relocation is scheduled to accommodate the construction and maintain uninterrupted service. Furthermore, a water line has been installed across the airport property to better serve the business district while reducing the demand on the west water tower. These projects reflect the city's ongoing commitment to strengthening infrastructure and supporting community growth.

Public Works

The Town has made important strides in improving its waste management and sewer infrastructure. The Refuge Transfer Station is now fully operational and providing essential trash services for household waste, offering a convenient and reliable solution for the community. In addition, the lagoon and collection sewer system designed to support commercial development is nearing completion. Several local businesses have already connected to the system, and more are expected to follow as the infrastructure becomes fully available. These advancements mark continued efforts to enhance public services and accommodate the city's ongoing growth. A Wastewater Master Plan is currently being prepared to maximize the potential of the sewer system and to ensure design volumes are not exceeded. This will dictate future projects.

Streets

The Town of Goldsby has made significant improvements to its infrastructure and economic development through recent projects. The resurfacing of Cottonwood Road, along with the reconstruction and resurfacing of Redbud Road, has enhanced transportation safety, improved driving conditions, and extended the lifespan of these key routes. Similarly, the resurfacing and restriping of Ladd Road has boosted traffic flow and safety for residents and visitors as traffic will be moving from the I-35 corridor as improvements are made widening I-35. In addition to these infrastructure

upgrades, a plan for developing a Main Street corridor for commercial use will open new opportunities for local businesses, increased economic activity, and generated additional sales tax revenue to support future community growth and services.

Security

The Town of Goldsby benefits from dedicated security provided by the McClain County Sheriff's Department, with four deputies specifically assigned to serve the community. Both the McClain County Sheriff and the Goldsby Board of Trustees remain committed to continually assessing and addressing the town's evolving safety needs. In addition to law enforcement duties, the Sheriff's Department often extends mutual aid to support the Fire Department during emergencies. Likewise, the Fire Department lends assistance to the Sheriff's Department when needed. This strong partnership between the two departments not only ensures an effective response during critical situations but also reinforces the unity and resilience that define Goldsby.

Fire Department

Over the past year, the Goldsby Fire Department has made significant advancements to better serve the community. A fire monitor, or water cannon, was added to the front of the tanker, providing enhanced firefighting capabilities directly from the cab — a crucial benefit when manpower is limited. The department also installed a large-capacity washer to clean bunker gear of harmful carcinogens after fires, and some firefighters took the initiative to build a dryer, ensuring that cleaned gear is quickly ready for use. Additionally, with the assistance of the Town Administrator, the department secured a \$632,844 grant to purchase a new diesel fire tanker. Although the new tanker will take approximately two years to arrive, it will be a valuable addition to Goldsby's existing fleet and further strengthen the department's emergency response capabilities. To further enhance public safety, the town has also installed three new storm sirens, providing better coverage and earlier warnings for residents during severe weather events.

Parks and Recreation

The Legacy Park is used at all times of the year. Both residents and visitors enjoy the park's growing popularity and its value as a safe, inclusive place for recreation. This year there have been several trees that have died in the park. The trees that have posed harm or danger to the residents and visitors have been removed to establish a safer walking, playing and relaxing park for everyone. Keeping the park safe and clean is the goal of the employees of the Town of Goldsby.

Airport

The David J. Perry Airport achieved several major milestones over the past year, enhancing both its operations and its role in the community's growth. Nineteen new enclosed hangars were added, addressing the strong preference among pilots and aircraft owners for enclosed storage. Thanks to this expansion, the waiting list for hangars has been reduced to 60 people, with most still hoping for enclosed options. In addition, 12 acres of frontage property were released from airport use to allow

for commercial development — a move that promises to boost future lease revenues for the airport and generate valuable sales tax income for the Town. The airport is also moving forward with important infrastructure improvements, including asphalt repairs in key areas and the construction of a new parking lot on the east side of the terminal. Additionally, a new fuel system is expected to be operational by the end of the year, allowing MOGAS fuel to be available for pilots whose aircraft can utilize this type of fuel. The David J. Perry Airport Trust continues to actively seek out opportunities to improve, upgrade, and expand the airport, ensuring it remains a strong asset for Goldsby and the surrounding area.

The proposed budget presented to you is a balanced budget in accordance with the Oklahoma Municipal Budget Act in Title II of the Oklahoma Statutes.

Respectfully submitted by,
Sandra Jenkins, Clerk/Treasurer
